This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at `http://books.google.com/`

PREFACE

THE MODERN SPELLER emphasizes the following points:

Teaching Spelling by the Dictation Method. It is a well-known fact that children write a word correctly in a list, and write the same word incorrectly in a sentence. This difficulty exists because the sentence form is strange. When a pupil learns *this, see, ball,* as a list, the spelling of these three words constitutes the sum of the information gained in that lesson; but if he writes, *See this ball,* he has taken the first step in composition. It is because of this great gain that in all modern schools, teachers are beginning to recognize the advantages of teaching spelling by the dictation method.

Grading. The exercises are carefully graded so that the vocabulary, the context, and the punctuation marks are suited to the needs and abilities of the pupils. In addition, each new lesson contains but a few new words, which are placed in the margin. Every other word in the lesson is a review word.

Reviews. The dictation method, requiring the constant repetition of small, troublesome words, linked with the close grading mentioned above, constitutes a natural review. In addition, reviews are inserted in the earlier years at the close of every fourth lesson.

Meaning and Use of Words Taught from Text. As the average person obtains his knowledge of the meaning and use of words from reading, children should be urged and encouraged to learn the meaning of words, as far as possible, by reference to the context.

Interesting Content. The subjects dwelt upon interest the pupil, and, if properly handled, pave the way for superior composition work. Some literary exercises are introduced, but they have not been permitted to overshadow the fact that the Modern Speller is designed primarily to teach spelling.

These lessons were used in manuscript form for several terms. The teachers put the exercises on the blackboard and the children copied them for home study. It was found, however, that this method wasted time — a fault that in our crowded curriculum seems almost a crime. A far weightier objection to this method was the fact that in classes, even of careful teachers, many children made mistakes in copying the exercises. They, therefore, studied them incorrectly; so that the teacher, besides dealing with legitimate difficulties, bore the added burden of eradicating errors that were firmly fixed in the pupil's mind. To overcome these two difficulties a book was prepared so that every child might have a printed page from which to study.

Thanks are due the following authors and publishers for permission to use copyrighted material: to Harper Brothers for the selections from Margaret Sangster's "Little Knights and Ladies"; to A. P. Watt & Son for the selection from Kipling's "Jungle Book"; to A. S. Barnes & Co. for the selection from the Teachers' Magazine; to the Public School Publishing Co. for the selection from McMurry's "Classic Stories."

The selections from "Sermons to Young Men" and "Stories of the Psalms" by Henry van Dyke, and "Poems and Ballads" by R. L. Stevenson, are used by permission of Charles Scribner's Sons, the authorized publishers of the works of these authors.

The selections from Holmes, Larcom, Longfellow, Lowell, and Cary are used by permission of Houghton Mifflin Company, the authorized publishers of the works of these authors.

SUGGESTIONS TO TEACHERS

THE work of each year has been divided into two parts, and can be accomplished in the given time if the proper method is employed. One dictation exercise constitutes a day's lesson; but, in addition, assign three or four words from the review lists which follow every fourth lesson. When the four dictations and the review have been taught, review the week's work and teach no new matter. Keep a list of the words misspelled daily, and on Friday drill on these. Do not waste time by repeating again and again what all the children know.

The words in the margin are the only new words in any lesson. Occasionally a review word is even inserted here to show the formation of plurals or of participles.

The first year that spelling is taught, allow no home work, but arrange, instead, two spelling periods a day. Use the morning for oral spelling and for copying both words and sentences two or three times, and the afternoon for oral spelling and the dictation of the sentences. At the beginning of the Third Year, home work may be assigned; but only after a thorough explanation on the part of the teacher.

Whenever unusual proper names, as Gessler, Siegfried, etc., have not been placed in the margin, it is because they are not to be taught; but it is wise to put them on the blackboard and permit them to remain there during the writing of the lesson.

Funk & Wagnalls' Standard Dictionary is the authority used in this book for spelling and syllabication.

SECOND YEAR — FIRST HALF

1

The new words in each lesson are placed in the margin. Phonetic words are placed below each lesson.

see

See my doll. my

doll

2

See my new doll. new

dew mew few pew

NOTE TO TEACHER. — The ready recognition of the component parts of words is a great aid in spelling. This can be begun by requiring children to write in a column the small words they find in the following list.

forget	woodwork	playmate	daybreak
milkman	bulldog	sunrise	milkmaid
bedroom	butterfly	sunset	bluefish
anything	snowdrop	schoolboy	bullfrog
bandage	daylight	workroom	boatman
Sunday	oatmeal	gooseberry	sunbeam

Form new words by combining a word in the 1st or 2d column with a word in the 3d or 4th column.

band	day	cup	paper
school	foot	room	shine
sun	flax	thing	time
play	news	step	cap
butter	night	seed	box

NOTE TO TEACHER. — To pronounce the following words correctly requires frequent practice. Children should not only say them singly, but should use each one in a very simple sentence.

just	height	chocolate	toward
voice	injure	drawing	window
once	introduce	deaf	whether
singing	length	dew	which
catch	library	drowned	whistle
this	mischief	engine	yeast
that	museum	figure	forehead
new	again	recess	umbrella

Hartford, Nov. 30, 1915.

Dear Marion,

You do not know how I miss you, because now I have only Edna to play with. Do you think your mother would let you make us a visit at Christmas time? Please ask her, and let me know as soon as you can.

Your loving friend,

Alice Baker.

Boston, Dec. 10, 1915.

Dear Alice,

When the postman gave me your letter, I just jumped for joy. Mother says I may go to Hartford the day after Christmas. Father is going to New York then, and he will take me. I know you will meet me, as I can hardly wait to see you.

Your loving friend,

Marion.

Write 5 words that end in *ead*.

We may shorten or contract some words by omitting one or more letters. When we do this we use the apostrophe (') to show that something has been left out. Copy the following contractions, with the complete word or words beside each one.

I'm	= I am	isn't	= is not
we've	= we have	they're	= they are
can't	= can not	it's	= it is

Remember that the only time it's is written with an apostrophe is when it means *it is*. When we use it in such sentences as *The bird broke its wing*, we must be careful to write *its* without the apostrophe.

Write the following contractions, and beside each one place the complete word or words:

I'll	we'll	'twas	she's
I've	they've	don't	'twill
she'll	we're	they'll	ne'er

There are titles of honor and respect that we shorten or abbreviate when we use them with the name of a person. Write such abbreviations with capitals, and place a period after each one.

Mr.	= master	Col.	= colonel
Mrs.	= mistress	Gen.	= general
Dr.	= doctor	Capt.	= captain

There are other abbreviations which we often use. These are not written with capitals, but must be followed by a period.

doz.	= dozen	yd.	= yard
pt.	= pint	in.	= inch
qt.	= quart	ft.	= foot
gal.	= gallon	ct.	= cent or cost
bbl.	= barrel	lb.	= pound

The Latin word for *pound* is libra.

Stamford, Conn.,
Aug. 29, 1915.

Dear Mother,

In a few days it will be time for me to come home, so this is my last letter. I shall be sorry to leave Uncle Will and Aunt Emma. They have been very kind to me. Last Thursday we all went fishing and caught some bass.

How are my rabbits? Has Nora fed them every day? Please take good care of them, and tell all the boys I am coming home soon.

Your affectionate son,
Walter.

Hinsdale, Ill.,
Mar. 20, 1916.

Dear Uncle James,

Mother wishes me to write and say that we shall start for Denver next Tuesday. Papa will go later, as he has some business to attend to.

Thank Alma for the pretty postals she sent me. Now that I have seen pictures of the streets and parks of Denver, I am very anxious to see the places themselves.

Your loving niece,
Margaret Horne.

Did you ever read anything about Florence Nightingale? Both her parents were English, but as she was born in 1820 in Florence, Italy, she was named for the city of her birth.	Flor'ence night'in gale Eng'lish It'a ly birth

19

When she was a child, she often pretended that her dolls had been injured, and then she would nurse and bandage them. She was very fond of animals too, and her first living patient was a shepherd's dog.	pre tend'ed nurse band'age pa'tient shep'herd

20

From nursing animals, she passed to human beings, and her chief pleasure was caring for the sick and suffering. Her family had a great deal of money, but she did not care for the enjoyments of the rich.	hu'man be'ings chief pleas'ure suf'fer ing en joy'ments

In 1854 there appeared in the papers, long accounts of the suffering of the wounded soldiers in eastern Europe. These men lacked not only medicines, but the commonest things needed by the sick and dying.

There are some words that form their plurals irregularly.

ox,	oxen	tooth,	teeth
man,	men	goose,	geese
woman,	women	foot,	feet
child,	children	mouse,	mice

Review the abbreviations of Fourth Year, First Half, and add the following:

pk.	= peck	Sec.	= secretary
bu.	= bushel	P. O.	= post office
ct.	= cost	A.M.	= morning
amt.	= amount	P.M.	= afternoon

The letters A.M. are the initials of *ante meridian*, meaning before noon. At noon, we say the sun is on the meridian. The letters P.M. are the initials of *post meridian*, meaning after noon.

There is one very important rule in spelling, that every child should know.

Most words ending in silent *e* drop the *e* before a syllable beginning with a vowel; as, move, moving; change, changing; love, lovable; insure, insurance.

Make the proper change in the following words, and then add *ing*, *able* or *ible:* have, come, reside, sale, cure, reverse, care, describe, write, endure, lodge, devote, make.

Make a list of words from your reader ending in silent *e*, and add to these words some syllable beginning with a vowel.

15 Snyder Place,
Newark, N.J.,

My dear Mildred,

The thirty-first of this month, mother says I may have a party, and I would like you to come and help us celebrate Hallowe'en. I expect Marion and Leila, and perhaps Leila's brother Bert.

We shall duck for apples, and play all sorts of games. You may have your fortune told, too, so be sure to come. I shall expect to see you by eight o'clock.

Your affectionate friend,
Julia.

72 So. Orange Avenue,
Newark, N.J.,
Oct. 24, 1916.

My dear Julia,

Your very kind invitation was received this morning, and you do not know how sorry I am that I cannot accept it.

We have company from the country, and father has bought tickets for the Hippodrome for Hallowe'en.

I know you will have a good time, and I only wish that I could be with you.

Yours lovingly,
Mildred.
